

## Clarifications with regard to the fire at Campodarsego plant

**Campodarsego (Padua), March 3, 2021** – In the night between March 2 and 3, a fire of limited proportions occurred at our factory in Campodarsego, involving a storage area next to the painting depots.

The company's safety systems were immediately activated and allowed the prompt intervention of both the internal teams and the fire brigade of the Padua command who promptly arrived on site and limited the flames, safeguarding other more sensitive areas.

Thanks to this prompt response, no people injury was recorded and the consequences for the plant were limited.

While the environmental and structural verification activities as well as the restoration of the affected area are in progress, as a precaution the production of the assembly department of the headquarters was suspended today in order to be ready to start again – at full capacity – already as for tomorrow.

---

Carraro is an international group, a leader in transmission systems for off-road vehicles and specialised tractors, with consolidated turnover in 2019 of 548.8 million euros.

The Group's activities are divided into two Business Areas:

- **Transmission systems (axles and transmissions) and components** mainly for agricultural and construction equipment, and also markets a wide range of gears for very diverse sectors, from the automotive industry to material handling, agricultural applications and construction equipment.
- Specialised (vineyard and orchard, from 60 to 100 hp) **Tractors** for third parties, namely John Deere, Massey Ferguson and Claas, as well as a specialist range under the Carraro brand; Agritalia also provides engineering services for the design of innovative tractor ranges.

The Group's holding company, Carraro S.p.A., has been listed on the Italian Stock Exchange since 1995 (CARR.MI) and has its headquarters in Campodarsego (Padua). As at 30.09.2020, the Group had 3,223 employees – of which 1,446 based in Italy – and has manufacturing facilities in Italy (4), India, China, Argentina and Brazil.
